

Visa U.S.A. VbV Access Control Server Approval Program List of Compliant VbV Access Control Server Service Providers

As of November 06, 2006

The companies listed below successfully completed a review based on the PCI Data Security Standard as well as “3-D Secure Security Requirements – Enrollment and Access Control Servers version 1.1”.

The “VALIDATION DATE” is the date of last compliance. Reviews are valid for one year, with the next annual report due to Visa one year from the “VALIDATION DATE. Reports that are from 1-60 days late are noted in **yellow** and reports that are from 60-90 days late are noted in **red**. Entities with reports over 90 days past due will be removed from this list. If the date is **blue**, the current assessment has been submitted but not yet accepted. *It is the member's responsibility to use compliant service providers and to follow up with service providers if there are any questions about their compliance status.*

SERVICE PROVIDER ¹	VALIDATION DATE
Arcot	8 November 2005
Cardinal Commerce	19 April 2006
Cyota	31 March 2006
Fidelity National Information Services	20 January 2006
Fifth Third Bank	20 April 2006
First Data Resources	3 August 2006
MasterCard	17 June 2006
One Bridge	29 June 2006
Total Systems	31 March 2006

¹ The reviews represent only a “snapshot” of security in place at the time of the review, and do not guarantee that those security controls remain in place after the review is complete. These reviews did not cover proprietary software solutions that may be used or sold by these service providers.

Inclusion on this list indicates only that the service provider successfully completed an assessment against requirements as described in the documents “3-D Secure Security Requirements – Enrollment and Access Control Servers version 1.1” and PCI Data Security Standards. Visa does not endorse the service providers or their business processes or practices.
